

Application No. **78161**

**APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC
WATERS OF THE STATE OF NEVADA**

THIS SPACE FOR OFFICE USE ONLY

Date of filing in State Engineer's Office MAR 18 2009

Returned to applicant for correction _____

Corrected application filed _____ Map filed _____

The applicant TRI GID

8725 Technology Way, Suite C1 of Reno
Street Address or P.O. Box City or Town

Nevada, 89521 hereby make(s) application for permission to appropriate
State and Zip Code

the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association give names of members.)

1. The source of water is Underground
Name of stream, lake, underground, spring or other sources.
2. The amount of water applied for is 1000 acre feet - 2.5 cfs second feet.
One second foot equals 448.83 gallons per minute.
 - (a) If stored in reservoir give number of acre-feet _____
3. The water to be used for Quasi-Municipal
Irrigation, power, mining, commercial, domestic or other use. Must limit to one major use.
4. If use is for:
 - (a) Irrigation, state number of acres to be irrigated N/A
 - (b) Stockwater, state number and kind of animals N/A
 - (c) Other use (describe fully in No. 12) N/A
 - (d) Power:
 - (1) Horsepower developed N/A
 - (2) Point of return of water to stream N/A

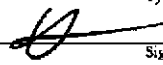

83-5T

5. The water is to be diverted from its source at the following point: (Describe as being within a 40-acre subdivision of public survey, and by course and distance to a found section corner. If on unsurveyed land, it should be so stated.)
NW NE of Section 14 T19N, R22E, MDM, or at a point from which the SW corner of Section 35 T20N, R22E, MDM, bears N 19°13' 08" W, a distance of 11,716.76 feet.
6. Place of use: (Describe by legal subdivision. If on unsurveyed land, it should be so stated.)
See Attached.
7. Use will begin about January 1 Month and Day and end about December 31 Month and Day of each year.
8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e. diversion structure, ditches and flumes, drilled well with pump and motor, etc.)
Complete well, install pump, motor, distribution system and storage tank.
9. Estimated cost of works: \$150,000.00
10. Estimated time required to construct works: 2 years.
(If well completed, describe works.)
11. Estimated time required to complete the application of water to beneficial use: 10 years.
12. Provide a detailed description of the proposed project and its water usage (use attachments if necessary):
(Failure to provide a detailed description may cause a delay in processing.)
Water to be used on The Tahoe-Reno Industrial Center industrial park. This application is meant to "back up" previous applications made by TRI GID but limited by the State Engineer.
A full description of the industrial park can be reviewed on the park website at www.lancegilman.com.
13. Miscellaneous remarks: 65061
